The workshop will take place at **DRINKTEC** exhibition in Muenchenmesse, Hall A5 - Room A 51 on Monday, September 11th 2017, h. 14:30 to h. 17:00. The exhibition is the most important event at global level for the beverage industry and related technologies, attracting all the stakeholders in the Saving-Water technologies.

The workshop is conceived as a “**Clustering Event**”, putting together experts, researchers, end-users, EU funded projects and every potential stakeholder in innovations regarding Saving-Water technologies. The aims are to present and discuss the projects results, demonstrate new technologies and innovative solutions, share best practices and stimulate the development of further innovative industrial research with possible creation of the basis for a future cooperation on different Saving-Water solutions.
